Since 2009 Marles PSP Ltd. has successfully used the services of RR & CO. Ltd. expert consultants in project preparation of our projects, applied to grant programmes and in administrative-financial management of these same projects.

Our satisfaction with the professional level of services, always delivered on time and in line with our highest expectations, enables us to recommend the company and its expertise for use in your organisation.

The consultants of RR & CO. Ltd. have been able to answer all our questions and queries on a high professional level and guide us through the whole process of preparing project applications and administrative-financial reports. They have provided an invaluable support to our organisation and without their help and support we would not be able to secure significant portion of outside funding for our projects and the continued development of our organisation.

For these reasons, RR & CO. Ltd. proved to be an important partner in our mission and we recommend their services and expertise to all organisations.

Sincerely yours,
