To whom it my concern,

We have worked with the team of RR & CO. Knowledge Centre Ltd. from Slovenia as they have taken on the role of preparing the project proposal for our TEMPUS IV project.

My self and other members of staff at the Faculty of physical Culture and Sports, University of Prishtina are very satisfied with their dedicated team work and their professional approach.

I am looking forward to working on other projects with the team from RR CO. Knowledge Centre Ltd.

With the best regards
Prof. Ass. Dr. Ajvaz Berisha, *Dean*
Faculty of physical Culture and Sports
